**Puppies**  
Make sure you look-up the ideal adult weight of your puppy at the top and cross reference it against their current weight to the right

2. Look-up the closest current weight for puppy

### 3. Use the corresponding daily feed in grams and split into at least two meals per day

All puppies & dogs are different and the feeding guidelines should be adapted to take into account breed, age, temperament and activity level of the individual animal.

We recommend using a slow-feed bowl or treat dispenser to encourage your dog to work for their food. Fresh clean water must always be available to all dogs.
